RED CROSS STILL NEEDS \$1,000

Good Citizen Award Presented By Lions

Rev. J. Allan Ballard, Rector of St. Andrew's Church Chosen — Selection Will be a Pleasing One to All.

EXCELLENT DINNER

Hospital Project Will Be Gone Ahead With — Plans Are Nearly Finished And Full Information Forthcoming Next Week.

Grimsby Lions Club at their semi-monthly dinner meeting in the Village Inn on Tuesday evening, presented their yearly Good Citizenship Award, and the choice this year will no doubt meet with the approval of every resident of this district.

Three unknown judges, one a member of the Lions and two non-members, made the selection and they unanimously granted the Award to Rev. J. Allan Ballard, the beloved and much respected Rector of St. Andrew's Anglican Church.

Lion Fred Jewson, introduced Rev. Neil Leckie to make the speech of presentation and that cultured gentleman in his usual eloquent manner did full justice to his subject. In part Mr. Leckie said "Mr. Ballard is being given this Award because he has well earned it. While he has had the Freedom of the Town for years, this is the first time that he has

English Brethren Face Difficulties

Citizens Of Grimsby Know There Will Be Fish In North Sea—Will They Have Boats To Catch Them.

Our brothers in Grimsby, England are apparently having their worries, as to what will happen when the war is over, as the following item from the Grimsby News explains:

"Grimsby has lost its general trade, or at least the majority of it, and we do not seem able to lift a hand to get it back," declared a speaker at the annual meeting of the Grimsby Chamber of Commerce and Shipping on Friday.

"But has proposals for the reconstruction, and unless something is done Grimsby will be left high and dry, a small town. Whit-hall still looks upon us as a fishing village somewhere in Yorkshire."

"There will be plenty of fish in the North Sea after the war if we have only the boats to catch it."

TOWNSHIP COUNCIL TAKES LEAF FROM TOWN'S BOOK

Finish Business in Little Over An Hour, Which is Record of Some Kind For Deliberations — Tax Rate Eight Mills.

A record of some kind was made by Township Council, meeting in monthly session, on Saturday afternoon last, when they cleared up a lot of business and adjourned in the amazing time of one hour and fifteen minutes.

Had Councillor Nelles been present, the credit for this amazing burst of speed on the part of civic legislators, could be laid to his door as he was present at the last meeting of Town Council and witnessed the way that august body disposed of numerous matters in a short space of time. But as he was not at the meeting we are in a quandary as to just what caused this sudden dispatch of business.

Tax rate for 1943 was struck at eight mills, the same as last year. That is the general township rate.

LINCOLN LOYALIST LADIES HOSTS TO OVERSEAS FLYERS

Twenty Newly Arrived English Lads From Mount Hope Station Find "A Home Away From Home."

MANY SURPRISES

One Lad Expected to Spend Leave at Home in Grimsby — He Did. But It Was Grimsby, Canada.

Under the auspices of the Lincoln Loyalist Chapter, I.O.D.E. a party of 20 English airmen from the R.A.F. station at Mount Hope were entertained in Grimsby homes over the weekend.

As the aim of the I.O.D.E. hospitality is to provide the boys with a "home away from home" no formal entertaining was arranged but several hostesses went together in giving them a good time.

They were met on arrival Friday evening by Mrs. L. A. Bromley, regent of the Chapter, who, as hospitality convener arranged the party. Mrs. P. E. Fairbank, convener of the I.O.D.E. War Services Committee and Mrs. G. Warner, then taken to the residence of Mrs. Gordon Sinclair, who graciously loaned her home for the occasion. Here they were introduced to their hosts and to His Worship Mayor Johnson, who welcomed them to the town.

An interesting member of the party was L.A.C. Laurace Thomas from Grimsby, England. As the boys had only arrived in Canada a few days ago they were enthusiastic over finding new homes so soon. Letters of thanks have already been received from some of the boys, voicing their deep appreciation of the hospitality and warm welcome they had received. The

Butter Coupons Good To April 30

Butter coupon No. 2 in the new ration book becomes good for purchase Saturday, March 20 and No. 3 on March 27. The first three butter coupons in the new books are all good until April 30. Each coupon may be exchanged for one-half pound of butter.

Tea, coffee and sugar coupons in your old Ration Book become null and void in the hands of consumers after March 31, 1943.

Yoo-Hoo Nibsey! Suckers Runnin'

George Robertson Makes The First Catch of The Season in The Old Forty — Creek is High.

Oh, to be a kid again. Young George Robertson brought back many memories of kid days on Monday afternoon, when he brought into the Editor's Sanctum a nice, shiny, freshly caught sucker. Right from the waters of the Old Forty.

This is the first catch of the season. So folks, Suckers are Runnin'. This is the fourth year in succession that George has had the honor of landing the first sucker, or any fish for that matter. This one weighed two pounds.

Water in the creek is running high right now and in a matter of a few days should be full of suckers, not including the two legged kind.

George was using a net but had no luck, moving down the creek to near the pump house tried his luck with a hook and line and it wasn't long until he made his catch.

Public Meeting Re Called Men

A Man to Get Exemption Positively Must Be Engaged in Agricultural Pursuits—Not Just Living on Farm.

A public meeting will be held in the council chambers on Monday, March 22nd, at eight o'clock, when all boys in the Township of North Grimsby, engaged in agricultural pursuits, who have been called by the Draft Board will be present.

At this meeting the government's intentions as to the disposition of these men will be thoroughly discussed by Reeve Durham, E. F. Jeff, Lincoln Agricultural Representative and other speakers.

It is understood that no exemptions will be allowed unless the called man has been, is, and continues to be actually engaged in agriculture. A man may live on a farm and be engaged at some other line of business, but this does not give him exemption.

Four Fighting Grimsbyites

Mr. and Mrs. E. M. Comfort, of Grimsby Beach, have four sons in the armed services. Two are in the R.C.A.F. and two in the army. Three of the four are officers. All are graduates of Beamsville High School and Vocational School. The youngest, L.A.C. Clarence M. Comfort, now only 21, enlisted in the R.C.A.F. immediately after finishing high school and has been serving overseas as an aero engine mechanic for the last 15 months. The other three, Flying Officer Ralph G. Comfort, instructor at No. 1, I.T.S., R.C.A.F., Toronto; Lieut. Maurice F. Comfort, overseas, and 2nd Lieut. Eldon B. Comfort, are graduates of Toronto University. Their father is principal of the Thirty School, Clinton Township, near Beamsville.

WATER PUMPING INCREASES COST OF POWER DECREASES

It Is A Buttonhole Machine We Need

Editor Gets All Befuddled Over Requests of Ladies — Who Has a Sewing Machine to Lend?

The Independent at all times is willing and ready to help any organization that is engaged in charitable or war work. Especially the ladies' organizations. But to be honest, the ladies sometimes get the Editor befuddled. That happened last week.

We advertised for a Singer sewing machine to do "Heavy Sewing". We were wrong. What the ladies of the Robinson Street Group are seeking, to assist them in their war work, is a Singer sewing machine, no matter how light, medium or heavy, that they can attach a gadget to for making button holes. They have a machine for heavy sewing.

Now it is a machine, any kind, as long as it is a Singer, that a thingamajig can be attached to, to make button holes. The ladies have the gadget.

Anyone having such a machine who would be so kind as to loan it to the ladies in, call Mrs. Reilly at 510.

Three new constables are to be appointed to St. Catharines Police force, bringing the total to 27.

Water Consumption in January Nearly Two Million Gallons Greater Than 1942 —February Three and Half Millions.

HYDRANTS FLUSHED

Power Bill For February Lower Than January, Yet More Water Pumped — \$1,000 Transferred to Town So Far This Year.

A tremendous jump in water consumption during the months of January and February this year over 1942 are to be noted from the pumping records as submitted at the regular monthly meeting of Grimsby Water Commission on Tuesday night.

There is an increase in January this year over January last year of 1,990,000 gallons. The February increase is 3,610,000 gallons. It is also noted that there is an increase in February this year over

(Continued on page 8)

County Town Has 32½ Mill Rate

St. Catharines will have the lowest tax rate in almost a quarter of a century this year, a rate of 32½ mills being decided upon by finance committee of city council.

The new rate is a mill lower than the 1942 rate of 33½ mills, and is the lowest since 1919 when the levy was 31½ mills.

Figures Tabulated To Tuesday Night Show Local Campaign Still Short of Objective of \$5,500 — Still Some Sections to be Canvassed.

GIVE SOME MORE

Army, Navy And Air Boys Can be Relieved of Much Suffering by The Comforts And Medicines Your Dollars Provide.

Final figures tabulated up until midnight Tuesday night showed that the local Red Cross campaign still lacked but a few dollars of a thousand dollars to reach the objective of \$5,500 set for Grimsby and North Grimsby.

Ralph Boehm the demon supervisor of the campaign canvassers stated to The Independent, "We need a few dollars less than a thousand in order to reach our objective, but thanks to the generosity of the people of the town and township I have absolute confidence that we will attain it. There are still quite a few sections to be visited by the canvassers yet. But I feel confident that these people will come through generously when the canvassers make their call upon them."

To date the response to the call has been very fine. More and more are the people realizing that when this war is over if they have nothing left but their shirt, they will still be alive. That is more assurance than the fighting man has. The army and navy boys go into action knowing full well that the chances are slim of their coming out whole, if at all. The boys in the air know from the start that they have but a few hours to live and if they do the chances are that

New Fruit Package Placed On Market

David Thomson Patents New Type of Container Made of Millboard With Waxed Surface.

A new type of fruit container that appears to have many possibilities in the way of producing a high class pack for the city market and also eliminating to a great extent the ever present basket shortage bugbear, is going to be placed on the market this spring.

This new fruit package has recently been patented by David Thomson, local manager of the local Hydro and does away with

and entirely.

The new package is made of one-eighth inch millboard, or pressed paper, and is waxed. It is made in several sizes. The size that The Independent examined will hold 30 number one or larger peaches.

The package is built to measure—

NEW E.D.H. COMPANY FACTORY WILL BE BUILT DURING SUMMER

Grand Jury Make Many Suggestions

Inspect All County Buildings Recommend Changes At Court House — Industrial Home In Excellent Condition.

A number of recommendations for improvements and alterations in the Lincoln County Court House were made by the grand jury which inspected county buildings after the opening of the spring jury session of the Supreme Court of Ontario. No criminal cases were listed for trial, and after hearing a charge from Hon. Mr. Justice Keiller MacKay, the jury was sent to make its inspection.

Following is the report of the Grand Jury:

Court House — It is the opinion of the jurors that the old lavatories in the basement are entirely

(Continued from page 7)

Representative of Firm Informs Mayor Johnson to This Effect — Will Not Start Manufacturing Until War is Over.

A representative of the E. D. H. Company of Ottawa, called on Mayor Johnson last week.

This company, some several months ago, purchased property in Grimsby on which to erect a factory and move their plant into. War orders have kept them confined to Ottawa.

Now they have definitely decided that the new factory will be erected this summer. Manufacturing will not be started but they wish to have the factory ready and waiting when the war is over, to immediately move into, and begin manufacturing for home and foreign trade.

The new factory will be erected on the property on the west side of Elizabeth street, north of the C.N.R. tracks.

Facts And Fancies

Frank Fairborn, Jr.

WHAT'S THE USE?

A Member of Parliament said the other day that something will have to be done to relieve the Canadian taxpayer as soon as the war is over.

What, we would like to know, would be the use of that? It will be too late then—the taxpayer will have already been relieved of everything he had!—Seaforth Expositor.

Not the Grimsby Taxpayer. He will be in excellent shape when the war is over. Thanks to our 29 mill tax rate and solid financial position.

NO BEER, NO BONDS;—NO BRAINS

This agitation among a certain, fortunately small percentage of men in the munitions factory of No Beer, No Bonds, only goes to show that the men who are using that slogan have no brains. They, without doubt will be found to be the C.I.O. agitators.

I drink beer, just the same as thousands of these other men do. But I am not going to jeopardize my country or sacrifice my brother man overseas for the sake of a scuttle of suds.

As a matter of fact, if 90 per cent of these howlers drank 50 per cent less beer, they would be better off. They are not the good class of beer drinker. Even in peace times they were bowlers chasing the growlers.

I ramble around the beverage rooms of this town and I am glad to say, that I have never heard but one Grimsby and district man utter such a statement. That man is fortunate that he did not land out on the concrete on his dome. He was in the wrong spot to be speaking out of turn.

While on the subject of beer and bonds. I am willing to gamble all the coconuts in Coco Islands, that the men who are doing the most howling are the men who when the war is over, if it was not for the fact they must buy bonds, would not have two-bits in their jeans to buy a pint of beer. They would be in the same spot they were in when the last war finished. Have nothing.

There is no more connection between beer and bonds than there is between cheese and carbolic, and men who utter such arguments should be interned, along with all the other enemies of our country.

I do not believe that the men in our Fighting Forces should be rationed one whit on their beer. If need be, cut the civilian off entirely and give the supplies to the boys in the uniform.

Therefore I say, No Beer, No Bonds—NO BRAINS.

IF THEY COULD TRADE PLACES

If they could trade places and be on the giving end of Red Cross work . . . never doubt but that our suffering Allies would turn to us with open-handed generosity . . . glad to help!

To be on the giving side is the preferred position after all. Untouched by Blitz, Canadian women have been able to spend long hours "tolling and spinning" in Red Cross Branches all across the Dominion. 20,000, 000 articles of supplies have already been shipped Overseas for the Armed Forces and suffering civilians; 100,000 food parcels for prisoners-of-war are being packed each week in the five depots; over 1,000,000 pounds of jam and honey have been provided for British children.

Blood serum, medical supplies, sailors' comforts, motor vehicles . . . all these have

come from the Canadian people . . . dispensed by the Canadian Red Cross to help the suffering everywhere.

Russia, Greece, China, Poland, Belgium, Yugoslavia, Czechoslovakia, Fighting French, Norway and Holland have all been helped, fed and succored by Red Cross gifts.

And those on the receiving end . . . with so LITTLE . . . try to say "thank you" in a practical way. Listen: Mrs. Nellie Milton lives in a tiny flat in Chelsea. Her boy, a prisoner-of-war in Germany, has received Canadian Red Cross food parcels. He wanted the Red Cross thanked for helping to keep him alive. His mother wrote the Marchioness of Donegal, in charge of the Hospitality Department at Berkeley Square:

"I would like to be able to repay you by having one of your Canadian soldiers stay here while on leave in London. I could give him bed and breakfast. Although I only have two rooms in the basement, I would do my best to make any Canadian soldier comfortable and happy during his London visit."

If they would trade places! Let's make the most of our "preferred position." The Canadian Red Cross must have \$10,000,000 to go on with the work in 1943.

Give . . . and then some . . . human suffering is greater than ever before.

HOMELY TRUTHS

Commending the speech of John Bracken, at St. John, in which Mr. Bracken declared that we must avoid the danger of anyone leaning on the State, The Ottawa Journal reproduces from a California paper some very homely and sage advice. This paper laid it down in this fashion:

1. You cannot bring about prosperity by discouraging thrift.
2. You cannot strengthen the weak by weakening the strong.
3. You cannot help small men by tearing down big men.
4. You cannot help the poor by destroying the rich.
5. You cannot lift the wage-earner by pulling down the wage-payer.
6. You cannot establish sound security on borrowed money.
7. You cannot build character and courage by taking away a man's initiative and independence.
8. You cannot help men permanently by doing for them what they could and should do for themselves.

In comment on the foregoing, the Ottawa paper admitted that it was a dangerous phrase about the State owing every man a living. The State is the people en masse, and whether everybody is enjoined to take care of the indolent and the extravagant by their own good virtue of thrift, is hardly admissible to common sense. For the aged, sick and helpless people, there must always be compassion.

The limit of the duty of the State is to provide opportunity for livelihood. The Journal well puts it in stating that, while so much is heard of equality and liberty, something might be said about justice. There is no justice in penalizing industry and thrift for the "gain of laziness and extravagance."

In this era when the slogan of social security is on the lips of every tub-thumper, it is well to get back to cold realities. When this war is all over, democratic government will face a challenge as never before in history.

LOVE BEFORE AUTOMOBILES

A paragrapher remarks that the boys sometimes say the girl friend will turn them down if they can't have the family car when they want it. With tires and gasoline short, the young lady may be put to the test of whether she is willing to go places without riding in an automobile.

Love existed ages before automobiles came in. You can't blame the girl for liking the boy who has a good car, with good tires and a full gas tank. But she would think of the many successful and great men whose driving in early youth was mostly pushing a wheelbarrow.

Many young men have started in life with limited opportunities, and their difficulties acted as a spur to them to do big things and they climbed well up in life. So the young lady has to think of more things than the automobile that stops or does not stop at her door.

Penned and Pilfered

New York reports the world's tallest actress. She is Anne Mace and is six feet, three inches in height. Imagine seeing her do a live scene with Mickey Rooney.

"How shall they hear without a preacher?" says a famous Bible passage. How shall the public hear about good goods at a low price, unless the seller does some preaching about them through advertising.

Away Back When

Frank Fairborn, Jr.

IN THE GOOD OLD DAYS

(From Leamington Post)

In the good old days of long ago
The winter saw twelve feet of snow,
And the people slept in rooms so cold
The water froze in the old wash bowl—
In the good old days!

In the good old days the beds were laid
On tight rope springs, and the mattress made
Of ticks with straw or corn-husks stuffed
(No wonder our forbears' hides were tough)—
In the good old days!

In the good old days the kids would trudge
For miles to school through a spring-time mud;
They'd eat cold lunch from a honey pail,
And get a hiding if exams they'd fail—
In the good old days!

In the good old days folks ceased their snores
At three a.m. to do the chores;
Worked hard all day and until late at night,
Then went to bed while there yet was light—
In the good old days!

In the good old days they once a year
Would gather 'round from far and near
At the country fair, in their Sunday clothes,
Where the girls would try and grab rich beaux—
In the good old days!

In the good old days the young folks hitched
The old grey mare, and if smartly switched,
She'd do five miles to the county town
In an hour's time without breaking down—
In the good old days!

In the good old days the parents bossed
Their kids, and if once their wills were crossed,
There's a scene in the old woodshed,

And the lesson learned would stay in their head—
In the good old days!

In the good old days—but why go on?
Those good old days are passed and gone,
And we're living now in an age so fast
The present will soon be of the past,
And a new generation reflections cast
On our good old days!

PAST, PRESENT, AND FUTURE

Past

Klippy-klopp, klippy-klopp,
Old horse and buggy with fancy top;
Grandma and grandpa are starting away;
Hope to make twenty-five miles in the day.

Present

S-swish, s-swish, s-swish, s-swish,
Swishing of cars on the crowded highway,
Blind man, poor man, rich man, thief,
Doctor, lawyer, merchant and chief;
All of the world on wheels today.
"A world full of madness," the old folk say.

Future

Whirr, whirr, whirr, whirr,
The aeroplane now is making a stir.
To yesterday's youth anxiety brings
This new-fangled danger of flying wings.
The youth of yesterday,—grandpa today,
Gravely shakes his head, as they fly away.

Young folk go winging about in the sky,
They scorn the old car as they learn to fly;
Laughs at the slowness of old-fashioned days,
While grandpa looks on in indignant amazement;
Swears at the reckless young fools soaring high
And hopes they will get more sense by and by.

The newest sausage has pork at either
end and cereal in between. Well, so long as
the butcher makes both ends meet.

Don't blame her if she slips off her shoe
at the movie. Hell hath no fury like a woman's
corn.

WARNING

CANADA FACES A WOOD-FUEL FAMINE NEXT WINTER

ARE YOU one of the Canadian householders who burned fences, doors, and even flooring to keep warm in this winter's sub-zero weather? Or perhaps you are one of the lucky ones who just managed to scrape through?

In either case, you will want to be prepared for next winter when greater hardships loom unless you take immediate action.

The shortage already has affected many communities . . . total stocks of dry wood are nearly exhausted . . . in some places the small supply of green wood cut for next winter is being used now to meet the present emergency.

Throughout most of Canada, fuel-wood is obtained not far from where it is consumed. Its production and distribution are the business of local citizens.

The Dominion Government recognizes that the wood-fuel shortage is so serious that even with the full co-operation of everyone in affected communities an adequate supply is not assured. Accordingly, it has been decided to stimulate the output of wood-fuel by assisting those normally engaged in its production and distribution. To this end the following measures will be adopted:

- 1 A subsidy of \$1.00 per cord will be paid to dealers on all commercial fuel-wood contracted for and cut on or before June 30, 1943, and held to dealers' account on that date.
- 2 The Coal Controller has been authorized to arrange in his discretion for the payment of such portion of the transportation costs as he considers proper in respect of fuel-wood, particularly in cases where dealers, to procure supplies, find it necessary to contract for fuel-wood at locations outside the area from which they normally derive their supplies. In order to obtain any such reimbursement, dealers must obtain a permit from the Coal Controller before contracting for such supplies.
- 3 The Coal Controller will repurchase from dealers at dealer's cost all commercial grades of fuel-wood on which a subsidy of \$1 per cord has been paid and which are still in dealer's hands as at May 31, 1944.
- 4 Assistance will be given in providing priorities for necessary equipment.
- 5 Farmers now on the farm, and who leave the farm temporarily in response to this appeal to engage in fuel-wood cutting, will be deemed by National Selective Service to be carrying out their regular occupation as farmers and will be given all the rights of deferment of military service which such an occupation now carries. Such temporary absence should not, however, interfere with agricultural production.

Municipal councils, farmers, fuel dealers, individual citizens, service clubs, and all other groups in communities where wood-fuel is burned, are urged to begin at once a rapid survey of their local situation, and to take immediate action to relieve the shortage.

THE DEPARTMENT OF MUNITIONS AND SUPPLY

THE THIRD PAGE

IN WHICH THE WOMAN-NEXT-DOOR LOOKS AT US, AT OUR TOWN, AND OCCASIONALLY AT THE WORLD

Snowdrops

Unchanged, the garden lies. The mantled fir Still slumbers on, despite the rising breeze . . . Then, all at once, a hint of green—a stir As snowdrops spring to life beneath dead trees.

And long-hushed music echoes as they leap With swirl of skirts beside the frozen well; While laughter drifts across a world asleep, And Beauty wakes, to shatter Winter's spell.

—Joseph Grace.

Mad As A March Hare

In March, hares are considered to be unusually shy and wild, whence we get the phrase, "mad as a March hare," to denote erratic or unaccountable action.

There is, however, another version of the origin of the phrase. It is said to be "mad as a March hare." The famous writer Erasmus of the sixteenth century uses the phrase in this form and says, "Hares are wilder in marshes from the absence of hedges and cover."

Shakespeare, in "Henry IV", used the phrase, "melancholy as a hare." According to medieval belief, the eating of the flesh of the hare was believed to generate melancholy. Shakespeare also has, in "Henry VI", "hare-brained" or "hair-brained," meaning "mad as a March hare, giddy, foolhardy."

—Everyday Sayings.

Book Of The Month

What better can we do, seeing this is the month of March Hares, than pull out that much-loved volume—Alice in Wonderland—from the bookcase, and once more lose ourselves in its entrancing pages? And it will be all the more enjoyable if the illustrations are by Tenniel, who drew the pictures for the first edition.

Once more we join the Mad Tea Party. Alice did not wait for an invitation, and we may well follow her example. Do you remember there was a tea table set out under a tree in front of the house? Alice seeing it and the March Hare, and the Mad Hatter seated there with the Dormouse between them, instantly made a bee-line to it, and dropped down in the only place that was left, a big armchair at the head of the table. She was snubbed for her pains, and history is not clear as to whether she was even offered a cup of tea. The others were having theirs as she came up.

The Mad Hatter's watch was two days slow—it was the kind that told the day of the month but not the time. The March Hare had tried his hand at putting it right by liberally salting the works with butter,—put in with the bread-knife. In spite of it being the "best" butter, the watch was still slow, and in an attempt to better a bad job the Hare dunked it in his tea.

One thing leading to another—for instance when the Hatter poured a little hot tea on the Dormouse's nose to wake him up—and ending with a rude remark by the Hatter to Alice, she got up on her ear and left. Nobody took the slightest notice, however, for she looked back once or twice to see if she was missed. The last she saw of the Mad Pair they were trying to put the Dormouse into the teapot. But read it for yourself.

The Wrens Move In

The famous Preston Springs hotel is in the hands of the Wrens. The luxurious fittings, the gallery of oil paintings, the furniture and drapes, the hospital and surgical equipment are being removed, and the building has been taken over by the Royal Canadian Navy for the duration and six months thereafter.

Five hundred Wrens are moving in, along with their new furniture. The modern kitchen equipment will remain as it is for their use. The building will be used as an extension for the Galt Naval Training establishment for women, H.M.S.C. Bytown II.

Known throughout America this modern hotel, where medical, surgical and therapeutic service attracted guests from all parts of the country, has operated under the name of Preston Springs since 1924. The original building was known as the Del Monte.

Picture Language

He was a genius who invented the word "blurb" to describe the hectic inflated language of a book publisher's "puff"; and the man who growing tired of saying "I retired precipitately" invented the phrase "I beat it to the door" deserves the praise of writers of the King's English.

A good deal of every day slang is simply a survival of Elizabethan phrases which the Puritan forefathers took to America on the Mayflower. "I see plain what you are driving at." Now that phrase sounds like a modern schoolboy. But it was actually written in 1637 by the great poet John Milton to his friend Charles Deodati (look him up).

"I will leave no stone unturned that I conceive may knock your father's fighting designs on the head". That sounds vigorous enough to be written yesterday. But it was written in 1632 by William Denton, a doctor to King Charles the First.

A slang word is a new word or phrase which belongs to the metaphor family. A language is not soon die if it were not continually recruited by new metaphors, which are always a sign of life in a language. Slang is the coarse-faced sergeant who goes out recruiting for the King's English.

Don't be prejudiced against a word or phrase just because it's slang. The thing to do is to test all new expressions and try to judge whether they be in the true style of the King's English—that is to say—are they vivid—concrete—suggesting a clear image—having a tang of wit about them? The word "grouch" is good for a particular kind of grumble and has the witty flavour of true English.

The late C. E. Montague of the Manchester Guardian, finely trained writer of the King's English, has left it on record that he recognised the old virtue in such phrases as "We did him down", "It's time we got down to it." It is up to you to do it. "We're up against it." And so he would say that "to put it across" shies away from such abstractions as "to execute in face of obstacles."

There is no justification for many ugly and foolish words, and silly ejaculations like "Sez you" and "Oh, Boy" are a mark of mental malnutrition. Such things, like certain "swing" ditties, have their little day and die.

—Adapted from—How to Speak and Write Correctly.

The Bible

We search the world for truth; we cull The good, the pure, the beautiful; And, weary seekers of the best, We come back, laden from our quest To find that all our mothers read, And all the treasures of old thought In God's harmonious fulness wrought.

—M.A.

Red Cross food parcels arrive at a German prison camp "somewhere in Europe." The Canadian Red Cross has sent more than two million such food parcels to Canadian and British prisoners of war in enemy camps in Germany, Occupied France, Italy and Africa since the outbreak of war. Present output is 100,000 each week from five Red Cross depots in Canada.

"Out For Dinner"

A taste of home life and home cooking during their off-duty hours results in these young people doing a better job. Officers whose work brings them in touch with questions affecting morale say that in many parts of Canada more volunteer hosts and hostesses are needed.

ed. People anxious to assist the war effort in this way are asked to get into touch either with the local Women's Voluntary Service Centre or with the military authorities in the district.

Human nature is the same wherever you go, says a writer. Yes, but it's a little more human in some countries than in others.

CANADA NEEDS FATS & BONES FOR HIGH EXPLOSIVES

HERE IS A DAY TO DAY WAR JOB FOR YOU!

SAVE ALL YOUR WASTE FATS AND BONES

- 1 You can take your fat drippings, scrap fat and bones to your meat dealer. He will pay you the established price for the dripping and the scrap fat. If you wish, you can turn this money over to your local Voluntary Salvage Committee or Registered Local War Charity, or—
- 2 You can donate your fat dripping, scrap fat and bones to your local Voluntary Salvage Committee, if they collect them in your community, or—
- 3 You can continue to place out your Fats and Bones for collection by your Street Cleaning Department where such a system is in effect.

Department of National War Services
NATIONAL SALVAGE DIVISION

SPECIAL NOTICE TO INTERURBAN BUS TRAVELLERS

Since war started bus travel has increased over 200%. During this time Canada Coach Lines has endeavoured to cope with the situation in every possible way until now our facilities have been strained to the breaking point. We are unable to get new equipment; repair parts are difficult to obtain;

shortages and restrictions are hampering operations and overcrowded busses are slowing up schedules. In view of these conditions our schedules cannot be expanded further. In fact they have to be reduced in order that our busses can have time to be properly serviced and overhauled.

Due to these critical conditions we are forced to resort to the following drastic regulations in order that essential bus travellers may be accommodated and gasoline and rubber saved. Please observe them closely and co-operate in order that you may not be inconvenienced by being forced to wait for several hours or longer to get on a bus:

Shoppers and Other Non-Essential Travellers

Must Travel Between 9 a.m. and 4 p.m.

A great deal of our congestion is caused by women coming into town to shop or attend shows and waiting until rush hours to return home. From now on war workers and other essential travellers will get priority. Non-essential travellers not on busses before 4.30 p.m. may have to wait until 7.00 p.m. until the rush is over to get home.

LADIES—This is one way you can co-operate and help the war effort. Do your travelling between 9.00 a.m. and 4.00 p.m., when there are seats available for you.

The Armed Forces Will Get Priority On Week-Ends

Our biggest traffic peak is on Sunday nights. In order that members of the Armed Forces may have full advantage of their week-end leaves, they will get priority after 8.00 p.m. departures on Sunday nights. Civilians should be on their way home before 8.00 p.m. otherwise they may not be accommodated Sunday night at all and may have to wait until Monday morning. Extra busses will not be provided after 8.00 p.m. to accommodate civilian passengers.

Be On Your Way Home Before 8 O'clock on Sunday Nights

Avoid Rush Hours Let Tired War Workers Ride

Please travel between 9.00 a.m. and 4.00 p.m. Avoid Saturdays, Sundays and holidays. Leave children at home. Do everything you can not to interfere with the travelling of war workers and the Armed Forces. They have certain times only when they can travel and must have first call.

Put Your Wartime Travel on a 4-Day Week —Monday to Thursday, 9 a.m. to 4 p.m.

Students Must Be On First Bus After School Is Out

Of late, High School students, especially, have been waiting until rush hours to return home and not using the especially scheduled busses provided for them. Teachers and parents are asked to co-operate in instructing students to avoid rush hours. School children will not be carried on rush hours busses nor will their special school tickets be accepted.

Return Home IMMEDIATELY After School

PLEASE CO-OPERATE

Canada Coach Lines want to accommodate you as comfortably and conveniently as war-time conditions will allow, but you must co-operate in accordance with the above regulations. Even if these are carried out there will still be some crowding and

waiting, but we are sure you will accept these inconveniences in the spirit of the times and, rather than blame the drivers or the Company, but the blame where it really belongs—on Hitler, Mussolini and Hirohito.

CANADA COACH LINES LIMITED

DELICIOUS MEATLESS MAIN DISH

"MAGIC" VEGETABLE CHEESE ROLLS
2 cups sifted flour
1 tsp. Magic Baking Powder
1 tsp. salt
2 to 4 tsp. shortening
1/2 to 1 cup milk
1/2 lb. whole cooked carrots

1/2 lb. whole cooked string beans
3 tbs. chopped onions
3 tbs. shredded green pepper
Melted butter
Seasoning to taste

Sift dry ingredients, cut in shortening. Add milk to make soft dough. Knead lightly on floured board, roll into 1/4 inch thickness, cut into 3 inch squares. Quarter carrots lengthwise. Combine all vegetables with butter and seasonings, place a portion on each square of dough. Wrap dough around filling, press edges together. Bake on baking sheet in hot oven (400° F.) 10 to 12 minutes. Serve with cheese sauce.

WRAPPED AIRTIGHT TO PROTECT POTENCY—ALWAYS DEPENDABLE!

Miss Kay Jeffries is spending this week in Toronto.

We are pleased to see Roy St. John back at business after his recent severe illness.

Mr. and Mrs. Lorne Telfer, Toronto spent the weekend with Mrs. H. H. Farrell, Main West.

A.C. 2 Douglas Lipsitt, R.C.A.F., Toronto is gradually improving from an illness that has kept him confined to hospital for the past five weeks.

Awrey and Mrs. Lipsitt, Nelles Road, received a cable on Wednesday that their son P.O. "Bud" Lipsitt, R.C.A.F. had arrived safely at Gibraltar.

Corp. Ross Terryberry, Tank Transport Company, Camp Borden, spent a few days with Awrey and Mrs. Lipsitt, Nelles Road, last week.

I.O.D.E.

Birthday Tea of Lincoln Loyalist Chapter, I. O. D. E. will be held in Chapter Room on Monday, March 22nd at 3 p.m. Dr. Watson Kirkconnell, of McMaster University, who will be the speaker, has taken for his subject "Horoscope for Canada". Others contributing to the programme will be Mrs. J. Shields, Miss G. Ormiston and Miss Eva Cline.

Trinity W.A.

The March meeting of the Women's Association of Trinity United Church was held at the home of Mrs. E. McAlonen on Thursday, March 4th, with the President, Mrs. J. O. Moore, presiding. The Scripture Reading was given by Mrs. McAlonen. After the regular meeting, the ladies sewed on quilt blocks for the Red Cross. Mrs. Wilkins, the Quilt Convener, informed the ladies she now has five quilts all ready to be quilted. Dainty refreshments were served by the hostesses, Mrs. McAlonen and Mrs. C. P. Brown. A half hour of visiting afterwards.

Beaver Club

The regular business meeting of the Beaver Club of St. John's Presbyterian church was held Monday afternoon.

The filling of a Ditty Bag for the Navy League was completed and several donations were received towards a second one. One dozen "Housewives" for Ditty Bags have been made by the members also.

A quilting bee is to be held next Monday afternoon and all members are asked to come at 1:30 sharp.

Hostesses for the afternoon were Mrs. David Thomson and Miss May Crittenden.

Card of Thanks

I would like to take this opportunity to thank all kind friends in Grimsby, for their beautiful flowers, plants, cards and letters sent to me during my illness. Also many thanks to friends, who so kindly used their cars to help me. Many thanks everybody.

Mrs. William Allard

We wish to express our sincere thanks and appreciation to our many friends who were so kind to us during our recent bereavement, especially Dr. J. H. MacMillan, and also for the beautiful floral offerings.

Mrs. H. H. Astle, Mrs. T. A. Flett, Mrs. F. E. Thompson, C. H. Walker, E. L. Walker, T. J. Walker.

Aid to Allies is one of the most important functions performed by the Canadian Red Cross. Goods and services to the value of millions of dollars have been shipped to Russia, China, Poland, Greece and other countries. Above scene shows why Canadian Red Cross food and other comforts are so necessary in Greece today.

Grimsby Girl Weds

F.O. John Douglas Sproat, R.C.A.F., and Mrs. Sproat, who were married in the Church of St. Thomas, Hamilton, on Saturday, March 6th. The bride was formerly Miss Peggy Ponton, daughter of Mr. and Mrs. Harry H. Ponton, of Grimsby Beach. The groom is the son of Mr. and Mrs. A. D. Sproat, of Milton.

Obituary

MRS. JOHN BRIDGMAN

Of United Empire Loyalist descent, Mrs. John Bridgman, the former Louise Orr, died at her home in Winona on Sunday, in her 65th year. Born in Fruitland, Mrs. Bridgman had lived in Winona nearly all her life and was a devout member of Fifty United Church. Besides her husband, she leaves to mourn a son, Howard, and a daughter, Miss Dorothy, both at home, and a sister, Mrs. Jane Hewitson, of Fruitland.

ANNIE MARIA ROOKER

Mrs. Annie Maria Rooker died on Wednesday last at the home of her daughter, Mrs. Winnifred Gibbard, Crosby avenue, Burlington, in her 87th year. She was a widow, her husband, William Rooker, having died in 1921. Mrs. Rooker was born in Swalecliffe, Oxfordshire, Eng. She moved to Burlington from Grimsby about 13 years ago. Confined to her home for the last three years, Mrs. Rooker had become seriously ill a week ago.

Surviving are her daughter, Mrs. Gibbard, and four sons, George Rooker, of Beamsville; Stephen, (Ted) of Grimsby; Herbert, of Oakville, and Robin, of Burlington. The funeral was held on Saturday at Grimsby. Services being conducted in St. Andrew's Church by Rev. J. Allan Ballard, interment being in the adjoining cemetery.

MRS. HUGH D. WALKER

One of Grimsby's most highly esteemed residents, Mrs. Hugh D. Walker, passed away Thursday morning at the home of her daughter, Mrs. T. A. Flett, Grimsby, following a lingering illness, in her 89th year.

She was born at London, Ont., a daughter of the late Edward and Nancy Adkins. She had resided at Grimsby for the last 36 years and was a member of St. Andrew's Anglican Church.

Her husband and two sons predeceased her.

Surviving are three sons and three daughters: Charles, of Grimsby; Edward, of Melina; Thomas, of Hamilton; Mrs. Harry Astle and Mrs. T. A. Flett, of Grimsby, and Mrs. F. E. Thompson, of Windsor. Funeral was held on Saturday afternoon from Stonehouse Funeral Home to Queen's Lawn Cemetery. Services being conducted by Rev. J. Allan Ballard.

Casket bearers were, Edward Adkins and H. Hibbard of Smithville, L.A.C. Hugh Thompson, Jarvis; Harry Thompson, Windsor; Emory Patterson and Harry Astle, Grimsby.

Navy League News

In filling your Ditty Bag keep out until the last such things as cigarettes and bars of chocolate, etc. When the bags reach Toronto they are placed in new cartons, 6 to a carton, sealed with metal, and marked "For Shipwrecked Sailors". And then forwarded to the different ports. Women do this work now hence the small size of the carton. Put your full name on the tag (not Mr. or Mrs.) and tuck it inside the bag which is not opened until the sailor gets it.

The order was given "Abandon ship!" Rafts were thrown overboard and the crew followed, all except one man who ran below to his bunk, then re-appeared and dived overboard.

Later he explained he wanted his book seeing he might be on a raft for days!!! How they do prize books and magazines. Please send Archie Chivers a weekly supply leaving them at the Gas Office.

Around The GRIMSBY High School

Don't forget your Red Cross donation!

Three cases of scarlet fever are reported at G.H.S.

Capt. R. Gray and Sergt. Major H. Overholt once again were visitors at the school last Thursday afternoon. Sergeant Major Overholt lectured to the girls of Grade XIII on the subject of "Artificial Respiration", while Captain Gray drilled the boys in Signalling and Morse Code practise.

G.H.S. Blood Donors: Douglas Dick, Virginia Hewson, Connie DeLaplante, Newell Smith, Bill Fellows, Don Watt, Paul Morgan, Ted McNinch, Peter Rushak, Eddie Brubaker, Colin Dymond, Howard Duffield and Hugh Cole.

When it comes to dishing it out it appears to be some fellow's favorite dish.

The tireless salesman once led the force. But if he is tireless now he is off the road.

Lunch Box Strategy

Lunch boxes have a real job today—for if they are packed with the right foods, they will help keep Canada's war workers at the peak of health and efficiency. Sausage roll with a vegetable salad, whole wheat bread and butter, a bran muffin, gingerbread and an apple; an extra one tucked in for the mid-shift rest period and a thermos of hot cocoa, make a lunch a man can work on.

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

Welland city tax rate is 36 mills.

Toronto tax rate for 1943 is 31.6-10.11s mills.

Next Sunday, March 21st, is the first day of spring?

New liquor permits, issued April 1st, will only cost \$1, instead of \$2, as heretofore.

Tax notices for the taxes due and payable the 1st of April are now being sent out.

Tax Collector A. Hummel is back at his office again after a spell of sickness.

Stanley Reilly, son of Provincial Constable and Mrs. Reilly, enlisted in the Active Army last week.

"Bobby" Robertson, for several years crack net-minder for the Peach Kings is now a member of His Majesty's forces. He is at Exhibition camp with the Army.

George West has purchased the fine building lot on the west corner of Main street and Nelles Boulevard and will erect a new home this spring on plans prepared by C. J. DeLaplante.

C. H. "Cranberry Hill" Rushton, the popular manager of the Peach Buds is confined to his home with illness. It's the flu and not an attack of Elmiraitis as a lot of second guessers think.

Seven years ago yesterday—St. Patrick's Day, 1936—the Fruit Belt struggled through six feet of snow. The worst storm in many years. That was the time Charlie Webster brought the snowplows from Collingwood.

St. Catharines Ministerial Association are urging the city council to place a ban on Sunday midnight moving picture shows. Up in Kitchener the Mayor of the city says he will allow musical show performances in the theatre on the Sabbath in defiance of the Lord's Day Alliance.

In a letter to Victor Patenaude of the U.D.L., A.C. 2 Robert Glendinning (our late editor) R.C.A.F., says he is progressing fine but doesn't take too kindly to the 40 below weather they have been having. He is at Brandon, Man. and the past two months have been real tough ones.

We do not mind people parking their cars on Main street, so long as they do not park in front of a fire hydrant. But when they park their car in front of your office door, like the owner of license 52903, did on Saturday night and make the Editor climb over the fender to get in the door. That makes you mad.

Inspector Wm. Fawell of the Lincoln County Humane Society said last week that there are an estimated 16 or 20 deer in the Niagara district section and reports are being received that boys are throwing snow balls and other objects and frightening these newcomers to other areas. He warned against this practice.

A new all-time record for court sittings was established for Lincoln County Thursday night, when the Ontario Supreme Court sat in session at the county court house until 11:30. The civil action of Mrs. Viola Kaiser vs. the Canada Dry Ginger Ale Co. went to the petit jury at 6 o'clock, and the verdict was announced to Hon. Mr. Justice Kellier McKay well past 11.

Mrs. Margaret Mount, of R.R. 1, Vinemount, has been advised that her son, Pte. Howard Albert Coleman, is now presumed dead. He enlisted at the age of 17 years and celebrated his 20th birthday a few days before the Dieppe raid. A brother, Pte. Bruce Coleman, was killed in the raid, according to casualty announcements made last August. A third brother, Neal Mount, only four years old, was killed in an accident June 4, 1942.

Thought to be a victim of amnesia, Mrs. Elizabeth Mary Boulton, Hamilton, had a close call from injury about 8:30 o'clock Monday night when she was found wandering along the Queen Elizabeth Way, near Grimsby. Police were informed that Mrs. Boulton had been missing from her home since noon on Sunday. Rev. Robert E. LeMon, Niagara Falls, N.Y., said he narrowly avoided striking the woman as he drove along the highway. He contacted Provincial Constable A. E. Reilly, who removed her to Dr. McIntyre's office where the woman later identified herself and was taken to her home.

Daily water consumption in St. Catharines is 6,750,000 gallons.

Old Man Flu has called a "strike" on George Kammacher, the Bowl-away boss.

St. Catharines police department is to be equipped with a two-way radio system.

Canada's Fourth Victory Loan Campaign opens on April 26th and closes May 15th.

Burlington High School Board has banned all inter-school sports events for the duration.

Among those from Grimsby that were in attendance at the luncheon tendered to Col. Geo. Drew, in St. Catharines, were Mayor Edric S. Johnson and Rev. J. Allan Ballard.

Fire Department had a call shortly after 10 o'clock on Tuesday, to the home of Fred. Bivand, Oak street, where an overheated stovepipe set fire to some curtains and clothing. Damage was slight.

Harold Gowland, carpenter and contractor of Smithville has sold his home in the southern village and purchased a lot at 59 Nelles Boulevard. He will immediately erect a palatial home upon it.

Mayor Johnson has issued a proclamation to the effect that all dogs in Grimsby must be kept from running at large from April 1st until November 1st, unless on a leash attended by some competent person.

Wesley Gallichan, President of West Lincoln Branch, Canadian Legion, and Mrs. Gallichan, are moving to Port Weller where Wesley will manage a large fruit farm at that point, operated by Niagara Packers.

In the list of carnival and tag day dates published last week, as being sanctioned by Town council, the date of the tag day for the Chinese National Association, was omitted. This tag day will be held on Saturday, April 17th.

It's a small world. A gentleman from Chatham, a Mr. Goodwin, visiting in town last week wanted to buy a collar button and visited the store of A. E. Buckenham. Each looked at the other and discovered that they had been buddies in France in the last war.

Two young St. Catharines lads, 13 and 14 years old got tired of academic courses on Monday and started out to see the world. When night overtook them they called at the home of Alex Parker, corner Queen Elizabeth Way and Brickyard sideroad. Alex took them in and fed them and called Provincial Constable Hart who contacted their parents and they were soon back home again.

Owing to the terribly bad ice condition along the lake shore, extending out into the lake for some hundreds of feet, and the terrific storm that has been blowing up the lake for the last three days, operators at the waterworks pump house have experienced difficulty in getting sufficient water into the reservoir to supply the demand. This trouble has now been overcome and water supply should continue at normal.

Seed Fair Held At Smithville

R. G. Dawson, Niagara-on-the-Lake, won the grand championship at the third annual Lincoln County seed fair held Thursday at Smithville. His prize-winning exhibit was 12 ears of Longfellow corn. The championship for the best bushel of oats was won by Lorne Packham, Smithville, who also took the reserve championship in the same section. Junior Farmer securing the highest number of points in the Junior classes was Ralph Cooper, R.R. 1, Smithville.

The quality of the exhibits was excellent. The sale of Patriotic Oats brought over \$5 which will be donated to war work. Two exhibits of Patriotic Oats from near Ottawa won second and third places in this class.

The boy on the firing line is called on to show his metal. The man at home should turn in his metal to the salvage committee.

21 Native Wineries In Ontario

On March 31st, 1942, there were 21 wineries operating in Ontario, the Liquor Control Board of Ontario reported in its annual report tabled in the Provincial Legislature Monday.

Covering the fiscal year ending on that date, the report said sales were conducted direct from six wineries and from 43 branch retail sales offices.

During the year under review 258,617 gallons of native wine were distilled in grape spirit for wine fortification while last year 271,680 gallons were used for such purposes.

The report said the sale of Canadian brandy, a product of Ontario grapes, amounted to 35,629 gallons, as against 23,349 gallons during the year previous to that ending March 31st, 1942.

PEACH BUDS IN THE FINALS

HOCKEY CHITTER-CHATTER

GRIMSBY PEACH PITS WIN FIRST FROM ELMIRA BY 4-3 SCORE — ELMIRA GIVES MAGNIFICENT DISPLAY OF BACKCHECKING.

By "OFFSIDE"

On Thursday night last the Peach Pits made their farewell appearance at the local arena before over four hundred fans and fanatics. They were victorious by the narrow margin of one goal and with that lead played a return engagement in the Galt Arena Tuesday night.

For the first time this season the Peach Pits encountered a team that has been drilled and drilled again in the fact that backchecking will prevent large scores. Listening to the comments of quite a few of the spectators while Elmira were warming up in pre-game practice, the general comment was to the effect that 'the Peach Pits will take them like Grant took Richmond'. On the face of it and before the game started it looked possible as the kids sporting the Elmira uniforms were very light and did not display any great combination.

Talk about underestimating your opponent! As soon as the puck was dropped it was a different story and the Peach Pits, who all season have been accustomed to break in two and three man combinations found that no matter where they went with the puck their opposing checks were right along with them. It was a case of me and my shadow, with the shadow in this case having the power to block effectively any combination play.

For the first period it was a case of try, try and try again—to break free from this backchecking which was beginning to cause the Peach Pits to talk to themselves. No scores were tallied but this was due, not so much to the good work of the rival goaltenders as to the sustained backchecking of Elmira and the wasting of potential goals by the Grimsby puck carriers who persisted in going right into the doorstep of the Elmira custodian.

In the second frame, Grimsby changed their style of play and only broke when the Elmira hopefuls had brought the puck deep into their territory. This paid dividends as goals were registered by Lymburner and Boyd within two minutes. Lymburner was playing the best game of the season despite the constant backchecking that he was subjected to and nicked the netting for two goals. Arnold for Elmira also scored and the period ended with the Peach Pits out in front by a three to one margin. Bowman for Elmira was easily the best man on the ice and his rushes and body-checking were a treat to watch. Unless I miss my guess that boy will be tabbed for higher circles before the series end.

The third period opened with Clancy producing one of his end to end rushes that was capitalized by the red light going on. It was the nicest individual effort of the whole game. With the score four to one against them and with the minute hand rapidly drawing closer to full time, Elmira put on the pressure and ran in two speedy goals in the last few minutes of the game. Poor defensive clearing was partially to blame for these goals being registered against

Pegg who had played good hockey all night. Duffield worked hard all night and was called upon to do more than double duty due to an injury Tallman received in the opening period that prevented him from playing any more. Boyd, who has played brilliant hockey all season was decidedly off color and spent far too much time in the bastille over foolish penalties.

It was a good game of Juvenile hockey with plenty of sustained action and the winners of the series will give a good account of themselves in the finals which commence next week. The Elmira team are well coached and know what to do with the puck when they secure possession. Their main strength, however, lies in a hard hitting defence and continual backchecking.

Grimsby will have to work hard to protect that one goal lead and will never protect the same if they adopt any of the old, 'Kitty-bar-the-door' tactics that Ottawa brought into prominence some fifteen or twenty years ago. With three or four days rest—with a determination to win—with the realization that goals are easier scored from six or seven feet than six or seven inches—with also the realization that penalties do not pay off in goals—the Peach Pits have a good chance on the large ice surface at Galt to capture the series and make a bid for the Ontario honors. Here's hoping that they do.

For Grimsby the stars must go to Lymburner for his goals, to Clancy for his pokechecking that broke up quite a few Elmira rallies and to Pegg in the nets. With a little more effective clearing on the part of the Grimsby defence this scribe thinks — and may be wrong — (he often is) — that the 'Pits' would have at least a two and possibly a three goal margin to carry with them.

Bowman, as mentioned above was outstanding for Elmira and likewise was the best man on the ice for either team. Every time he secured possession he was a powerful threat to Pegg in the Grimsby nets and it was only a case of poor shooting and good goalkeeping that kept him from registering more than one goal. Arnold was also a brilliant performer and turned in as good a display of backchecking as one would see in a month of Sundays.

SUMMARY

| 1st Period | |
|---|-------|
| No score. | |
| Penalties—Clancy, Boyd, Lorch, Whitfield. | |
| 2nd Period | |
| Elmira—Arnold | 50 |

| Grimsby—Boyd | 12.30 |
| Grimsby—Lymburner, (Duffield) | 19.38 |
| Penalties—Clancy, Boyd, Lorch, Whitfield. | |
| 3rd Period | |
| Grimsby—Clancy, (Filmchuk) | 41 |
| Elmira—Bowman | 16.39 |
| Elmira—Forster, (Bowman) | 17.15 |
| Penalties — Ferris, Bowman, Boyd. | |
| Referee — "Chuck" Thompson, Thorold. | |

Tuesday Night's Game

PEACH PITS ENTER ONTARIO FINALS AGAINST BARRIE—HOLD ELMIRA TO A TIE AND WIN WIN ROUND BY THE ODD GOAL.

By "OFFSIDE"

On Tuesday evening in Galt, the local Peach Bud aggregation disposed of Elmira's threat to their playoff berth in the Ontario Juvenile finals when they held the Elmira entry to a 2-2 tie. The persistent checking displayed by the Elmira team on their visit here last week was still their main weapon and caused more than a few anxious moments to Clare Rushton, the manager of the team.

The Elmira youngsters do not know the meaning of the word 'quit' and battled from the initial faceoff to the final gong. The Peach Buds were glad when this series was over and do not expect to encounter such persistent checking in any future games.

Arnold opened the scoring for Elmira in the first period and tied the round. This goal had a double effect on the Elmira team — they realized that the round was tied and in all probability one extra goal would be sufficient to give them a playoff berth with Barrie. For the remainder of the first period and nearly all the second they stormed into the Grimsby territory and were it not for the solid defensive work of Pegg in goal and Clancy and Lymburner on the defence would in all probability have 'Mike' packing the Grimsby equipment in mothballs this morning.

Duffield tied the score by a blast shot from Filmchuk early in this canto but Bowman for Elmira on one of the nicest plays of the game again evened the count. In the third period, Grimsby, realizing that a tie would be sufficient if they could secure the same carried the play in a sustained effort. By actual timing, Grimsby had possession for eight minutes in the Elmira defensive zone but were unable to notch the netting. Hills in this particular eight minutes stopped rubber from all angles and was more than a tower of strength in the nets. At 14.57, Clancy se-

"Dear me, do I look like that?" A little dubiously, the new mascot of a Pacific Coast fighter squadron of the R.C.A.F. examines the bulldog insignia which distinguishes the squadron. The mascot is Queen, a 14-month-old English bulldog who holds the rank of Air-Woman First Class, and whose promotion to corporal or sergeant is expected soon. Queen was adopted into the Bulldog squadron after the death of King, a full-grown bulldog for which the unit was named.

cured, made a rush and let go for the corner, Lymburner and Boyd were in like a flash. Lymburner managed to beat his check to the draw, passed to Boyd and this time Boyd made no mistake.

In the remaining five minutes of play, the two lines of Duffield, Halinski, Filmchuk, Boyd, Lymburner and Whitfield carried the play on every occasion and it was rarely in these dying minutes of a good Juvenile fixture that Elmira could secure the rubber.

For Grimsby the so called stars must go to Pegg, Halinski and McLean. Pegg was on his toes from the start and made sure of his clearing. Halinski, in the same quiet way that has marked his playing all season was always in position and broke up innumerable rushes. McLean proved a stumbling block to the Elmira forwards and after one or two solid encounters realized that 'they shall not pass' was the slogan for the evening. The remainder of the team worked hard, Duffield, Boyd, Lymburner, Clancy, Ferris with the chips down and elimination facing them played hockey from the start. Whitfield was the recipient of a nasty cross check in the third period that loosened one of his ribs but despite the bruising he was subjected to continued to battle away.

Elmira's main threat was centred around Bowman and Arnold. Bowman—unless this writer misses his guess—will not be playing Juvenile hockey next year. Some O.H.A. team in the Junior ranks will likely have his name on a certificate. Arnold and Hills were also giving a grand display of 'hockey and would look good on any team in the O.M.H.A.

Well, the next stopping place is Barrie. Out of the forty odd teams be half-cracked.

that commenced the season the field has been whittled down to Barrie and Grimsby. They will likely meet in a two game series either the end of this or next week for the Ontario Championship. When orchids are being handed out one should go to Clare Rushton, who despite quite a few handicaps plus a nice attack of the 'flu' has battled all season for this group of kids, and now has the satisfaction of seeing them enter the finals. It is easy enough to knock but it seems a whole lot harder to 'boost'. Sponsoring and managing a kid's team is at any time more or less of a headache and this writer would like to go on record as one who casts his ballot for Clarrissa Rushton.

Teams:

Grimsby — Goal, Pegg; defence, Ferris and Clancy; centre, Duffield; wings, Blanchard and Halinski. Subs., Boyd, Lymburner, Whitfield, McLean, Filmchuk, Farrell.

Elmira — Goal, Hills; defence, Hamby and Bowman; centre, Foster; wings, Weichel, Arnold, Sub., E. O'Krafka, R. Weichel, D. Vines, A. Loich.

SUMMARY

| 1st Period | |
|-----------------------------------|-------|
| Elmira—Arnold | 16.23 |
| 2nd Period | |
| Grimsby—Duffield, (Filmchuk) | 9.02 |
| Elmira—Bowman | 17.19 |
| 3rd Period | |
| Grimsby—Boyd, (Lymburner, Clancy) | 14.57 |

Grimsby wins round by the score of 6-5.

SUN POWER BROUGHT NEARER

Dr. Charles Abbott, of the Smithsonian Institute, demonstrates the solar power machine, at the convention of the American Association for the Advancement of Science. This newest sun-harnesser—the fifth in the line of solar engines constructed by Dr. Abbott—eliminates most of the serious defects of the earlier models and brings closer the era when man will be able to harness the vast energy of the sun to do his work. ST. ANDREW'S

Continuations From Page One

WATER PUMPING

January this year of 1,300,000 gallons. These increases are attributed to a great extent to the cold winter, so many people leaving some of their taps running practically all the time to keep them from freezing. Another factor also is the large number of households that are using siphons to keep their cellars dry, this being particularly so in the Fairview avenue section where there are no sewer or drain connections.

It will also be noted that despite the extra amount of water pumped in January over February, the power costs for the latter month are \$10 lower. The complete figures are as follows:

| | |
|------------------------------------|-----------|
| January pumping | 8,550,000 |
| Average per day | 275,000 |
| Biggest day, Jan. 19 | 330,000 |
| Smallest day, Jan. 3 | 150,000 |
| Increase over Jan. 1942 | 1,990,000 |
| Increase average per day over 1942 | 68,193 |

| | |
|------------------------------------|-----------|
| February pumping | 9,850,000 |
| Average per day | 316,071 |
| Biggest day, Feb. 7 | 423,000 |
| Smallest day, Feb. 20 | 295,000 |
| Increase over Feb. 1942 | 3,610,000 |
| Increase average per day over 1942 | 93,214 |

| | |
|---|---------|
| Township consumption, January and February: | |
| 1942 | 517,000 |
| 1943 | 553,000 |

Power Bill

| | |
|----------------|----------|
| February, 1942 | \$ 99.81 |
| February, 1943 | 118.54 |
| January, 1943 | 108.72 |

Supt. Henderson reported that the new operator at the pump house, Edward LePage was doing an excellent job. Also that all hy-

drants in town had been flushed.

The roof on the back end of the pump house is in bad shape and the Supt. was instructed to make the necessary repairs.

The transfer of \$500 to the Town on January 29th and a second \$500 on March 3rd, was confirmed and authorized.

Accounts for \$195.59 and \$157.77 were passed and ordered paid.

S. B. Bonham will be furnished with an extra supply of water for his farm, which is in the corporation limits, providing he supplies the materials and does the digging for the erection of a standpipe. He also to pay the town for the work and supplies provided for the connecting up of the pipe.

NEW FRUIT PACKAGE

ments and is made with either a solid bottom or a collapsible bottom. There are 20 fair sized holes in it to allow entrance of air. The four top sections fold in and interlock and a handle comes through the centre, this will fold over for loading purposes. There are two removable sections inside, each containing 15 holes into which the peaches sit, much the same as an egg package. This size container will also carry 12 pint size berry boxes.

The Gair Manufacturing Co. of Toronto are now preparing to manufacture a quantity of this new package for sale to the growers. It can be used for peaches, pears or apples with either the section trays or in bulk and for berries, cherries, currants, with both pint and quart size boxes. It can be used for all kinds of fruit in bulk. The package comes in red and blue and with the growers or dealers name printed thereon.

RED CROSS

they will be more or less maimed for life. The odds are all on the civilian side. Hence the increase in Red Cross subscriptions all through the country.

Sheltering and caring for our wounded fighters Overseas, No. 5 Canadian General Hospital in England is the mecca of the medical profession. Costing \$775,000 it was built, fully equipped and turned over to the Canadian Government by the Canadian Red Cross in July, 1940. Modern laboratories, a plastic unit, the most up-to-date surgical and ward equipment, and superlative operating room facilities make this gift of the Canadian people a lasting monument to Canadian generosity.

Here, and in all hospitals in the British Isles, a vast network of hundreds of hospital visitors has been organized to see that no patient is lonely or forgotten. Immediately upon learning from the Canadian Record Office where a Canadian soldier, sailor, or airman is, the appointed visitors for that hospital are notified by the Red Cross, and little food delicacies, cigarettes, books and comforts of all kinds are brought to his bedside.

It often makes all the difference in how soon a lad far from home and family, can make a recovery. Red Cross visitors are a tangible link with home. They have time to chat, to write letters for those who

George A. Stokes, formerly General Superintendent, Northern Ontario District, Canadian National Railways, who has been appointed General Superintendent Southern Ontario District, with headquarters at Toronto, following the promotion of J. P. Johnson to be Chief of Transportation of the Canadian National System.

are not strong enough, to help lift any load of worry that keeps a patient from getting well.

Edward Clarke of the U.S. Navy has this to say of the Canadian Red Cross visitors: "I am one of the many Americans in hospital over here who has benefited by the good work and generosity of the Canadian Red Cross. I have been visited regularly by Mrs. Stirling Brown, who has brought me numerous gifts for which I am very grateful. My wife has received information regarding my accident through the Red Cross. I have heard from her since. I am writing this letter in praise of the Canadian Red Cross and I wish this wonderful organization all the best of luck."

GOOD CITIZEN

been publicly recognized.

"I have heard" he continued "words of kindness and encouraging praise for Mr. Ballard. In his service to the people of this district he has been a Prophet who has demanded Righteousness as opposed to wrong. He has been a teacher to you all. He has been a Shepherd of His People and a friend to all. Ask him about the sick, weary and unfortunate in his Parish. He knows all about them. He also possesses the delicate quality of humor which enriches his life and all those with whom he comes in contact. His honor is well deserved."

Mayor Edric S. Johnson, in a few well chosen words in which he described a few of the good deeds that the Reverend gentleman had performed among the people, pinned the Lions Medal on Mr. Ballard's coat lapel.

Dr. Donald Clarke, for many years a friend and lawn bowling partner of Mr. Ballard, in a reminiscent vein told of a few happy incidents of the by-gone days, one being the time that Mr. Ballard and the late Rev. John Muir (Presbyterian church) bowled against the late A. G. Pettit, and himself, on the private bowling green at Mr. Pettit's home, a series of five 21 end games with the two teams only being separated by three points at the end of aggregate play.

Mr. Ballard came to Old St. Andrews as Vicar in February 1905—38 years ago—and since that time has endeared himself to all who have ever met him. His work among the people of all classes and denominations has been tremendous, but always in an unostentatious manner and little was ever heard of it. He was born at Burford, Ontario, in Brant county where he began his studies. He proceeded to Upper Canada College, thence to Trinity where he graduated in Theology in 1914.

Lions "Sarge" Globe gave an outline of the program that had been made out of the new hospital project. Everything is still somewhat in the air but it is expected that within a few days a concrete program will be mapped out and the project gone ahead with. The offer of Mr. C. J. Earnes to turn over the large club house at the Deer Park Golf club for hospital purposes, free of charge, is still open.

Latest figures and plans show that all alterations including a heating system will cost \$11,000. Equipment to begin with will cost \$3,500. Besides this two persons have agreed to furnish a room each; another man is willing to put up \$1,000 or \$2,000 if it is needed. A firm is ready to donate \$1,000; a second firm is willing to donate \$500 a year for two years; a lady who has had considerable experience in the work, has offered to organize a Ladies Auxiliary for the

caring of all linen.

As the situation now stands it is proposed to organize a company, the same as any other company, and the Provincial Secretary of Ontario has promised a charter immediately. A meeting of interested citizens of Grimsby, Beamsville and Smithville will be held on Sunday when sundry matters will be ironed out and it is hoped that full information of a concrete nature will be available for the public in next week's Independent.

Lion "Cammy" Millyard, and his skating carnival committee were thanked for their splendid work in raising \$125 for the Red Cross.

Following meeting dates are announced:

April 6—Community Betterment Night—Chairman, Cecil Bell.

April 20 — Beamsville Lions Night—Chairman, Dr. McIntyre.

May 4—Ladies and District Governor's Night—Welfare Committee.

May 18—Hockey Crest Night—Chairman, Dr. Rogers.

June 1—Past Presidents' Night.

June 15 — Carnival Committee Night.

Lion G. Taylor-Munro reported that the Blitz Flag sent from England by Col. (Dr.) Gordon Sinclair would be placed in the public library on Wednesday afternoon, March 31st. A staff for the flag has been made by Lion Richard Shafer and also a plaque for the staff. Full particulars regarding this event will be published next week.

Mine Hosts Anderson and Alton must be congratulated on the excellent meal provided and the splendid service.

LINCOLN LOYALIST

I.O.O.F. Committee also wish to thank all those who opened their homes to these boys, to whom home now means so much.

The boys and their hosts and hostesses:

Cpl. Wilbert Wright from Nottingham and L.A.C. Robert Bruce, from Stroud, Gloucestershire, with Prof. and Mrs. V. W. Jackson.

L.A.C. Bryan Bates, from Bedford and L.A.C. Peter Clark from Twickenham, Middlesex, with Mr. and Mrs. R. O. Smith.

L.A.C. Arthur Harris, from Teddington, Middlesex, and L.A.C. Johnnie Ennor from Newquay, Cornwall, with Mr. and Mrs. L. A. Bromley.

L.A.C. F. T. Meaker, from Hadley Wood, Middlesex, and L.A.C. W. D. Parlett, Streatham, London, with Mr. and Mrs. Ken Griffith.

L.A.C. Kenneth Witham, Rosyth, Fife, Scotland, and L.A.C. Peter Plomer, Harlesden, London, with Mrs. W. Gibson.

L.A.C. Laurence Thomas, Grimsby, Lincolnshire, and L.A.C. Robert Holt, Leyland, Lancashire, with Mr. and Mrs. Fred Jewson.

L.A.C. George Belcher, Bletchley, Bucks, and L.A.C. Thomas Bulmer, Keighley, Yorkshire, with Mr. and Mrs. A. V. Catton.

L.A.C. Thomas Hughes, London, and L.A.C. Patrick Moorehead, Exeter, with Rev. and Mrs. Neil Leckie.

L.A.C. Frederick Page, London, and L.A.C. Kenneth Lilly, Birmingham, with Mr. and Mrs. John Chambers.

L.A.C. William Denny, London, and L.A.C. Charles Gowland, Manchester, with Mr. and Mrs. Henry Bull.

Highlights of The R.A.F. Visit To Grimsby

The lad from Grimsby, England who joined the R.A.F. After some months in different stations he was sent near his home town, and was hoping for a 48 hour leave to spend in the home town. He got it but spent it in Grimsby, Canada, where he was just as warmly welcomed as he would have been at home in Grimsby, England.

The excitement of the British evacuee over meeting the R. A. F. boys from "home".

The unexpected trip to Niagara Falls.

The luxury of a hot bath in a tub brim full of hot water, better off than the King.

The variety of accents and of occupations represented in the R.A.F. The delight of the boys over Canadian food, its goodness, variety and quantity.

The boy who knew more about American history than the Americans do.

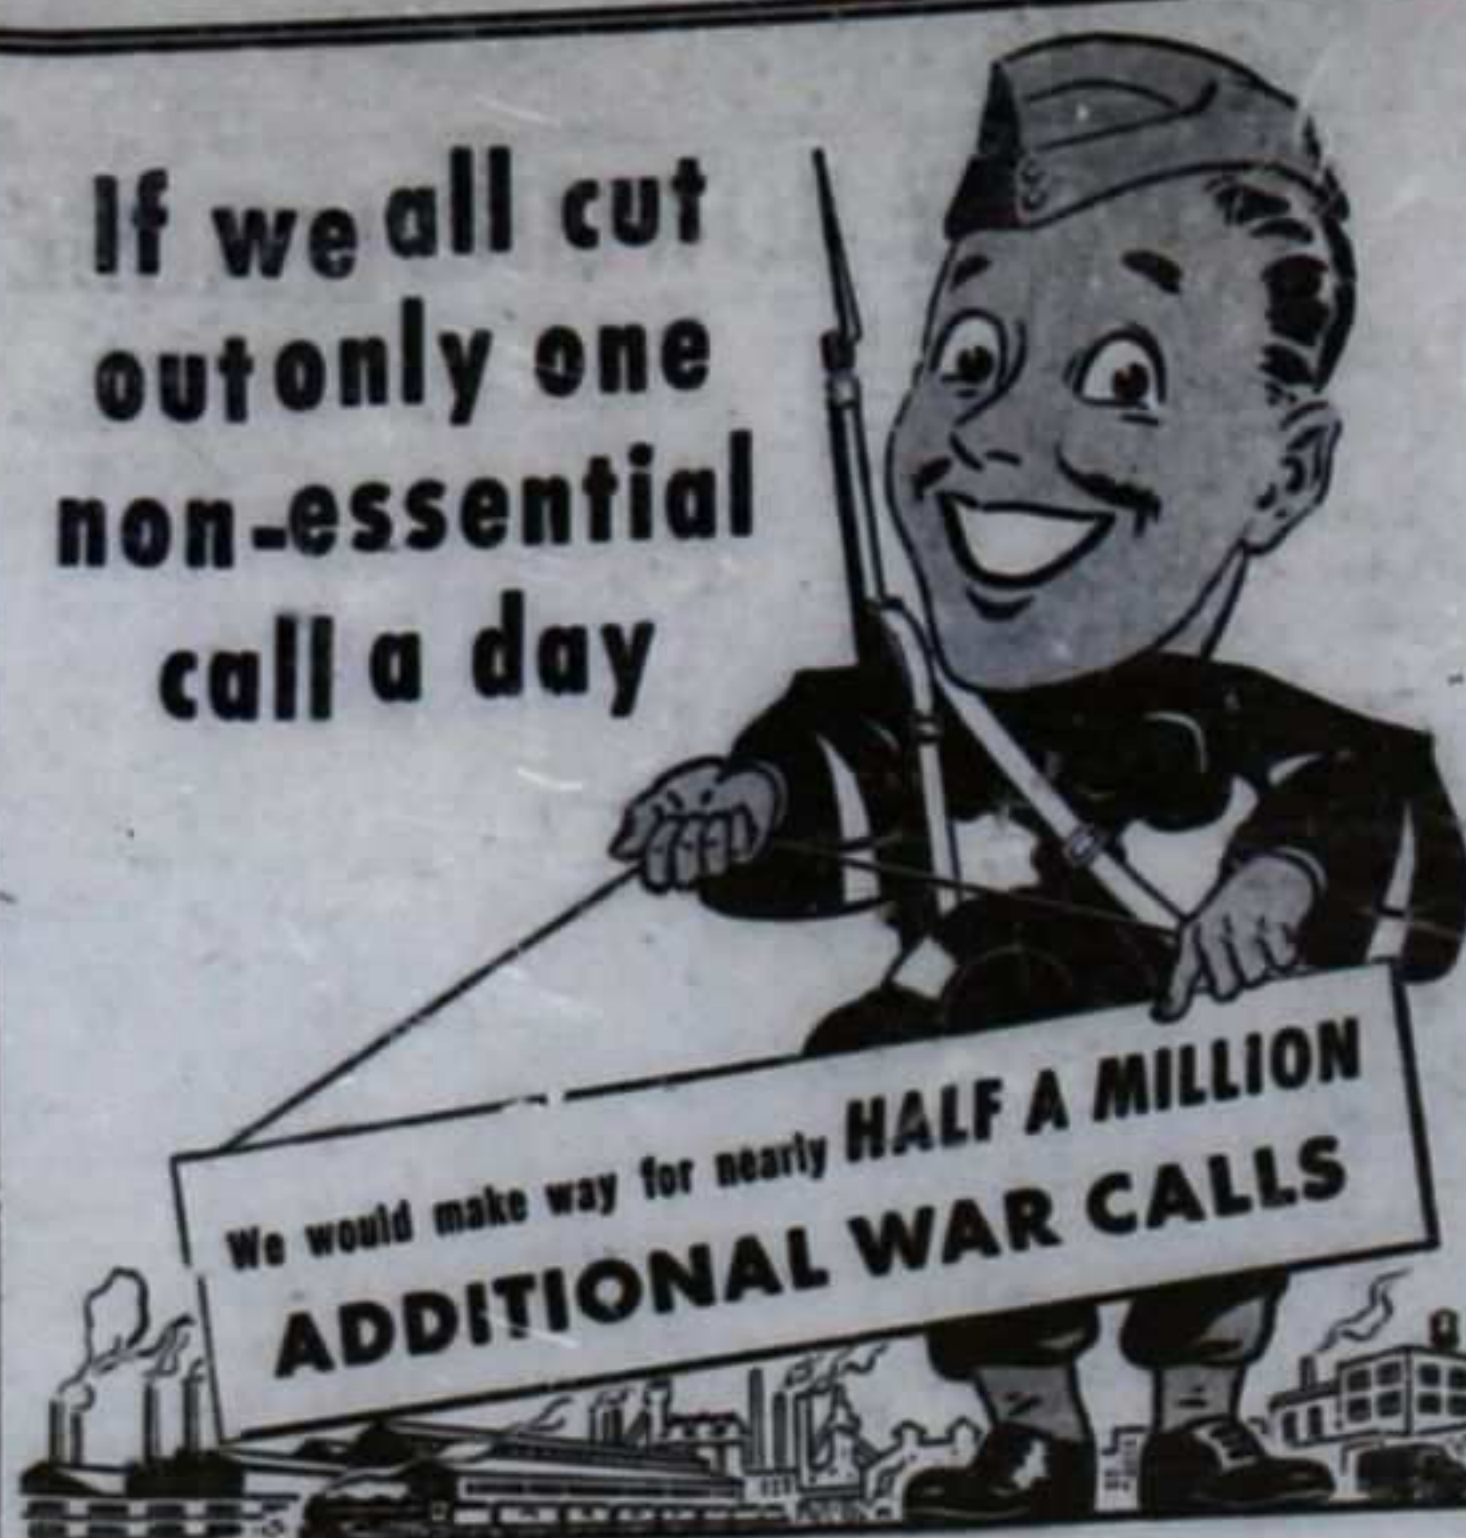

The quiet lad who proposed a toast to the hosts and hostesses who welcomed the boys into their homes and to Mrs. Moore who gave them all a pass to the Theatre.

Some colleges have outstanding football teams while other colleges don't hire football players.

An optimist is the middle-aged man who tries to take treatment to keep his hair from thinning.

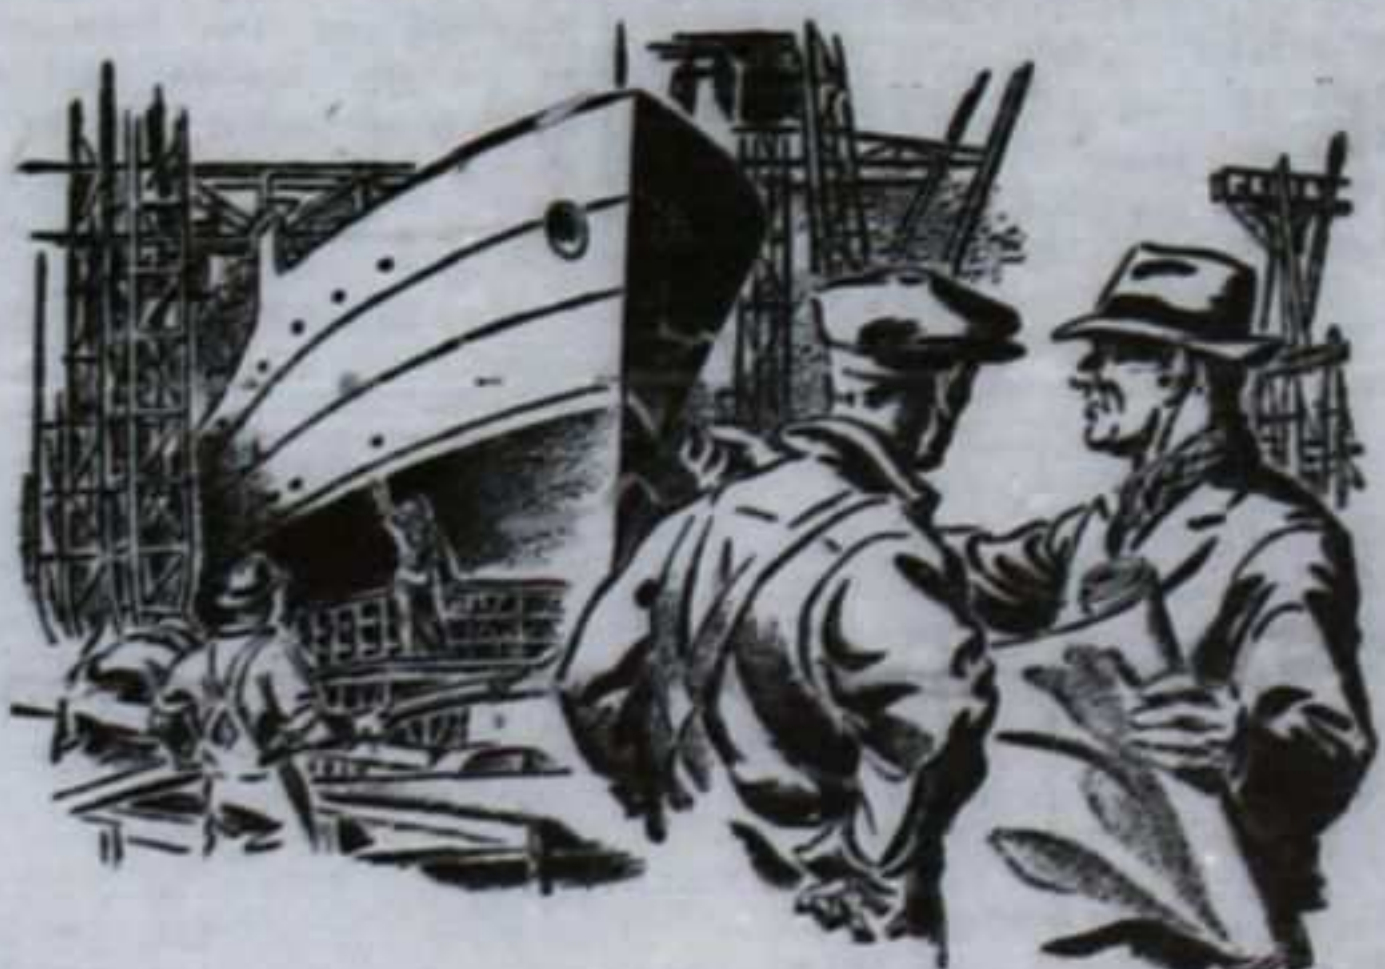

The depression was that period when you could get accommodations on the train without having to make reservations.

If we all cut out only one non-essential call a day

War calls must come first . . .

It means that we should reduce our non-essential use of the telephone to the minimum. Present facilities cannot be increased; your co-operation is needed if war calls are to go through promptly. Please remember that the wasteful use of telephone time can hold up war business—and that every second you save counts.

Now, he's well again and doing a war job.

"MY HUSBAND'S had a nervous breakdown—just worry. He left his job in the shipyard to go into logging. But his health suffered and the doctor says he's got to take a complete rest. But we haven't any ready money. How can he rest?"

The bank manager listened to her troubles sympathetically. He knew the husband, knew the wife—both sound citizens. The bank advanced the money on personal security . . . on the good character of two honest, hard-working people.

In a few weeks, Fred was well again and working in the shipyard. The loan was paid back in full. Because of bank accommodation he is now getting financially on his feet again—and aiding Canada's war effort.

This true story—only the name is changed—illustrates how Canada's Chartered Banks, day in and day out, serve the human as well as the financial needs of Canadians.

By banking during morning hours you can help the war effort, facilitate your own business, and lighten the wartime burden on the men and women in your branch bank. More than one-third of our experienced men have gone to war.
